D.O. No. 205,

Central Observatory,

Bangalore, 26th February 1919.

Dear Sir,

In reply to your D.O. No. G. 18507 dated February 1919, I am to inform you that all the forms required for the Bangalore Observatory are usually printed at the Central College Press as per G.O. on the subject and no provision is made in the budget of the Meteorological Department for the same; but this year, owing to the recent continued illness of the College printer, I had to request permission of Government to have some of these forms - such as are very urgently required - printed at Government Press. I am told that the College printer not quite well yet and therefore unable to take up the printing work of the observatory immediately. As the of printing the forms, if done at a private press, cann be met from any source in the Meteorological budget, I request you to kindly see that the work is done at the

Government Press this time as a special case.

Yours sincerely,
